June,

That date and time works for me and I believe it would work for Don Bussey as well. I am copying the folks at DOH as well because they need to attend the webinar/discussion as well.

We should also meet that week to discuss the agendas for those portions of the SOW we are all working on during the week of November 30 (Sections 6, 7.1, 7.2, and 7.3). I would like to propose Thursday Nov 19 as the date, anytime between 9:00 am and 2:00 pm PST. I think we will need about 1 - 2 hours to go over the agenda topics. DOH and EPA are meeting earlier that week, most likely Monday Nov 16, to discuss what we think should be on the agenda. We will share our thoughts with you and your colleagues prior to the discussion on Thursday. Please let us know if this is doable.

Bob

Hi Bob and Steve,

Actually, the GW Modeler just responded that he cannot make it on the 18th. May we pls schedule with you for the GW and Contaminant Fate & Transport Model on 17 Nov, Tues at 9:00 to 11:00 am Hawaii time?

Thank you,
June

Hi Bob and Steve,

I am trying to setup the presentation of our past modeling efforts with our past modelers for the week of 16 Nov. Would 17 or 18 Nov work for you all?

Also, after last week's mtg, I need to talk to Tom H. Can I call him?

Thank you,
June
